

Do you pay provisional tax?

Find out how TPS can save you money.

Provisonal tax to pay?

TPS can help you

Defer tax payments

Save on IRD use of money interest

Reduce your borrowing costs

Increase returns on overpayments

What is TPS?

TPS is an IRD registered tax pooling intermediary offering a full range of tax pooling and financing services.

TPS has quickly become the tax pool of choice for many accountants, corporates and SMEs.

TPS' services

1. **Tax deposit**
   Deposit your provisional tax payments into the TPS tax pool and increase your return on overpayments.
2. **Tax purchase**
   Save up to 30% in use of money interest costs and avoid late payment penalties by buying the tax you need from the TPS tax pool.
3. **Tax swap**
   Increase your return/reduce interest costs by swapping excess tax payments made into any tax pool for tax on the date you require.
4. **Tax finance**
   Finance provisional tax payments at very competitive rates for up to 21 months. No application fees, no credit checks, no security required.
5. **Historic deposit finance**
   Holding a deposit in the TPS tax pool? Treat it as a pre-approved overdraft facility – the funds can be withdrawn and financed at competitive rates at any time.

Why TPS?

TPS has a number of points of difference over its competitors, including:

Pricing
We aim to offer the best prices for tax pooling and financing services in the market.

No minimums
We have no minimum deposit, purchase or finance amount.

Service
Our team prides itself on providing a friendly, client solution focussed, responsive service.

Trustee
TPS' trustee, Public Trust, is owned by the Government so clients can be sure that tax payments are held by a secure and trustworthy entity.

Security
TPS' structure, operations and business systems have been reviewed by the IRD, Public Trust and our financier to ensure depositors' interests are protected.
