So, if you want the best career path, where you'll build relationships and networks that'll take you places, apply for a PwC Scholarship!

One of the most important choices you'll make during your career will be your first. We can help you make the right choice, and build a career that will take you places.

The PwC Scholarship has been created to give you the best start possible. The programme provides young talent with financial and mentoring support during university, and is a great opportunity to build relationships and create new networks.

"The opportunities here are endless. At the moment I don't see one specific future. Instead I can see a lot of options, largely because of the support and training I've had from PwC. No matter where I end up, the future looks bright!"
