1. Introduction

We refer to our last update to secured debenture investors dated 31 March 2015. We take this opportunity to provide you with a further update on the progress of the receiverships. This report is subject to the restrictions set out at Appendix I.

2. Remaining Loan Assets

The receivers have five key loans remaining.

- One is subject to an unconditional sale and purchase agreement.
- One is subject to a conditional sale and purchase agreement.
- One is currently being offered for sale by mortgagee sale.
- Two are where Strategic hold security as second mortgagee. We are working with the receivers and borrowers to obtain the best possible outcome for Strategic with these exposures.

We continue to progress a number of claims with guarantors.

3. Distribution of Investors

We are pleased to confirm that a distribution of 1 cent in the dollar of secured debenture investors principal amount outstanding as at the date of receivership will be made on or around 17 June 2015.

This distributions brings total distributions made to secured debenture investors to 17 cents in the dollar of the principal amount outstanding as at the date of receivership.

4. Overall expected return to secured debenture investors

As noted in our latest statutory report, our expectation for the range of recoveries is now 17% - 20% of the principal amount outstanding to secured debenture investors as at the date of receivership.

We anticipate that a further distribution will be made prior to the end of the year subject to the two property loan settlements referred to above concluding. We will continue to refine and update the estimated recovery range in future reporting.

5. Concluding comments

Work continues on realising the remaining loan book assets to enable further distributions and to conclude the receiverships. Should investors or other stakeholders have any queries arising from this report, please contact us in writing via our website, facsimile, or postal address, as follows:
